The Members of the Agency shall review and approve of these Guidelines, with any necessary modifications and revisions, on a no less than annual basis.

Designation of Contracting Officer

The Agency hereby designates the Chief Executive Officer as the Agency's Contracting Officer, in compliance with the provisions of New York State Public Authorities Law. Application of Guidelines

The procedures outlined in these Guidelines shall apply to the Agency's disposal from time to time of all personal property having a fair market value at the time of disposal of more than five thousand dollars (\$5,000) and all interests in real property. The Agency has adopted these Guidelines to comply with the provisions of NYS Public Authorities Law and to realize a favorable return on the disposal of Agency property.

Fair Market Value

Before disposing of property, the Contracting Officer shall take reasonable measures to determine the fair market value of the property to be disposed. Fair market value of property that is unique in nature and therefore not subject to fair market value pricing shall be determined through an appraisal by a qualified professional. Prior to its disposal, the fair market value of all real property shall be established by an appraisal conducted by a qualified professional.

Advertised Bid

All disposals of Agency property shall be made after public advertisement for bids for the purchase of Agency property. All advertisements for soliciting bids on Agency property shall state the method, place and deadline for the submission of bids, and request any other information the Contracting Officer deems necessary to evaluate bids being solicited.

Disposal of property by Negotiation

The Agency may dispose of property through negotiation or by public auction without regard to the above described procedures if the Contracting Officer determines that any of the following conditions exist:

- (f) such action is otherwise authorized by law.

Documentation of Disposal by Negotiation

The Contracting Officer shall cause to be prepared an explanation of the circumstances of the disposal when property is disposed of through the negotiation process described in Section 9, and any of the following are true:

Every IDA officer with the requisite purchasing authority (hereinafter known as Purchaser) shall estimate the cumulative amount of the items of supply or equipment needed in a given fiscal year. That estimate shall take in consideration past history to determine the likely yearly value of the commodity to be acquired. All purchases and public works contracts shall be subject to the requirement of procuring goods and services of the maximum quality at the lowest cost.

GUIDELINE 2. All purchases of (a) supplies or equipment which will exceed \$10,000.00 in the fiscal year or (b) public works contracts over \$35,000.00 shall be formally bid pursuant to GML, Section 103.

GUIDELINE 3. All estimated **purchases** of:

Any written RFP shall describe the desired goods, quantity and the particulars of delivery. The Purchaser shall compile a list of all vendors from whom written/fax/verbal quotes are offered.

GUIDELINE 4. Purchase or public works contracts in excess of \$5,000.00 shall be approved by the IDA Board. The Purchaser may accept a proposal in accordance with these guidelines prior to receipt of approval, but subject to approval. If no separate action by the IDA Board has been taken, the approval of vouchered billings by the IDA Board shall constitute approval.

GUIDELINE 5. The lowest responsible proposal or quote shall be awarded for purchases or public works contracts unless the Purchaser prepares a written justification providing reasons why it is in the best interest of the IDA to make an award to other than the low proposal. If a bidder is not deemed responsible, facts supporting that judgment shall also be documented and filed with the record supporting the procurement.

GUIDELINE 6. A good faith effort shall be made to obtain the required number of proposals or quotations. If the Purchaser is unable to obtain the required number of proposals or quotations, the Purchaser shall document the attempt made at obtaining the proposals. 3. (a) Upon compliance by the employee with the provisions of subdivision five of this section, the public entity shall provide for the defense of the employee in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the employee was acting within the scope of his public employment or duties. This duty to provide for a defense shall not arise where such civil action or proceeding is brought by or at the behest of the public entity employing such employee.

(b) Subject to the conditions set forth in paragraph (a) of this subdivision, the employee shall be entitled to be represented by private counsel of his choice in any civil action or proceeding whenever the chief legal officer of the public entity or other counsel designated by the public entity determines that a conflict of interest exists, or whenever a court, upon appropriate motion or otherwise by a special proceeding, determines that a conflict of interest exists and that the employee is entitled to be represented by counsel of his choice, provided, however, that the chief legal officer or other counsel designated by the public entity may require, as a condition to payment of the fees and expenses of such representation, that appropriate groups of such employees be represented by the same counsel. (d) Where the employee delivers process and a written request for a defense to the public entity under subdivision five of this section, the public entity shall take the necessary steps on behalf of the employee to avoid entry of a default judgment pending resolution of any question pertaining to the obligation to provide for a defense.

4. (a) The public entity shall indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which such judgment or claim arose occurred while the employee was acting within the scope of his public employment or duties; provided further that in the case of a settlement the duty to indemnify and save harmless shall be conditioned upon the approval of the amount of settlement by the governing body of the public entity.

(c) Nothing in this subdivision shall authorize a public entity to indemnify or save harmless an employee with respect to punitive or exemplary damages, fines or penalties, or money recovered from an employee pursuant to section fifty-one of the general municipal law; provided, however, that the public entity shall indemnify and save harmless its employees in the amount of any costs, attorneys' fees, damages, fines or penalties which may be imposed by reason of an adjudication that an employee, acting within the scope of his public employment or duties, has, without willfulness or intent on his part, violated a prior order, judgment, consent decree or stipulation of settlement entered in any court of this state or of the United States.

(d) Upon entry of a final judgment against the employee, or upon the settlement of the claim, the employee shall serve a copy of

TOWN OF LOCKPORT INDUSTRIAL DEVELOPMENT AGENCY **REAL PROPERTY ACQUISITION POLICY**

ORIGINALLY ADOPTED SEPTEMBER 20, 2010

The Town of Lockport Industrial Development Agency (the "Agency"), a New York public benefit corporation, in compliance with the New York State Public Authorities Law, has established these Guidelines for the Acquisition of Real Property (the "Guidelines").

These Guidelines shall apply to the acquisition of real property throughout the year following their adoption and until such time as the Agency adopts new or revised Guidelines. The Members of the Agency shall review and approve of these Guidelines, with any necessary modifications and revisions, on a no less than annual basis.

Designation of Contracting Officer

The Agency hereby designates the Administrative Director as the Agency's Contracting Officer, in compliance with the provisions of New York State Public Authorities Law. The Contracting Officer shall hold this position until the Agency designates a new Contracting Officer or until such time as the Agency adopts new Real Property Acquisition Policy.

The Contracting Officer shall be responsible for the administration and implementation of these Guidelines. The Contracting Officer shall cause these Guidelines to be posted on the Agency's website so that they are available to the general public.

Application of Guidelines

The procedures outlined in these Guidelines shall apply to the Agency's acquisition of all interests in real property except for acquisitions of interests in real property where the Agency is involved for the benefit of a third party. As used in these Guidelines, "property" shall include all interests in real property.

Purpose

The Agency has adopted these Guidelines to comply with the provisions of NYS Public Authorities Law and to protect the interests of the Agency in the acquisition of real property by the Agency for its own benefit.

Value of Real Property

The Agency shall act prudently in the acquisition of real property. Prior to acquiring any parcel of real property except for property being gifted to the Agency, the Contracting Officer shall take reasonable measures to determine the fair market value of the property to be acquired. Prior to its acquisition, the value of real property shall be reviewed through analysis of comparables by the Lockport Town Assessor, the Administrative Director or Attorney. Other relevant factors such as location, uniqueness, condition and amenities shall be considered in conjunction with comparables. In the case of real property donated to the Agency, a review shall not be required. The Agency shall negotiate the purchase price after such determination of the fair market value.

The Agency shall attempt not to pay more than the value for any property being acquired. Where the property is such that it is required for Agency purposes and other property will not suffice, the Agency may under such circumstances pay any reasonable amount in excess of its determination in order to purchase the property.

Environmental and Title Review

Prior to the acquisition of any interest in real property covered by this policy, the Agency shall take necessary steps to determine whether there are any environmental concerns and, if warranted, shall order a Phase I Environmental Report and if warranted by the results of the Phase I, a Phase II Environmental Report. The Agency shall comply with the New York State Environmental Quality Review Act in any property purchase.

The Agency shall have Agency General Counsel review the title documents supplied in connection with the acquisition and shall require fee title insurance unless the Agency Counsel shall determine that title insurance should not be required.

The Agency General Counsel shall handle the purchase on behalf of the Agency.

Yearly Property Report

Each year the Contracting Officer shall publish a report listing all real property acquired by the Agency during the previous twelve-month period.

The report shall contain a full description of parcel of real property purchased, the price paid by the Authority, and the name of the individual(s) or entity that sold the property.

The Contracting Officer shall cause the report to be delivered to the Comptroller, the Director of the Budget, the Commissioner of General Services, and the New York State Legislature c/o the Speaker of the House and the Senate Majority Leader.

The Contracting Officer shall cause the report to be published on the Agency's website.

TOWN OF LOCKPORT INDUSTRIAL DEVELOPMENT AGENCY

UNIFORM TAX EXEMPTION POLICY AND GUIDELINES

Reviewed & Approved March 2020

Pursuant to the authority vested in it by Article 18-A of the General Municipal Law of the State of New York, the Town of Lockport

Industrial Development Agency (the Agency) is exempt from real property, sales and mortgage taxes. The Agency may participate in certain projects and confer on those projects the advantages of such exemptions to encourage project success and enhance a project's ability to provide a positive impact on the economy and people of the Town of Lockport. The Agency may provide financial assistance in the form of issuance of its tax exempt or taxable bonds or by participation in straight lease transactions. The general policy of the Agency is to grant applicants financial assistance in the form of real property tax abatements and exemptions from sales, use and mortgage recording taxes to encourage the attraction, expansion, and retention of business and industry in the Town of Lockport.

I. Qualifications

In order to be eligible for agency benefits the applicant must demonstrate to the satisfaction of the Agency's Board of directors the following:

1. That there is a need within the Town for the project or the services offer by the firm; and
2. That the project will lead to the creation or retention of a substantial number of jobs and investment; and
3. That the benefits derived by the transaction are necessary to make the project economically feasible.

The Agency has adopted this Uniform Tax Exemption policy to provide policies for the claiming of real property, sales and use tax and mortgage recording tax abatements.

II. Exemption from Real Property Taxes: Payments in Lieu of Taxes

The Agency maintains a policy for the provision of real property tax exemptions with a corresponding PILOT Agreement to mimic abatements for qualified projects. Each project receiving an abatement will be subject to a Payment In Lieu Of Tax Agreement ("PILOT Agreement") in a form acceptable to the Agency. The abatement will generally be limited to value added by construction or renovation of the existing parcel involved. The payments under a PILOT Agreement will involve a phase in to a full tax equivalent over a period of up to twenty (20) years or longer depending on the needs of the Project. The Payment-In-Lieu-of-Taxes (PILOT) does not apply to special assessment district charges or ad valorem taxes which cannot be abated.

Any deviations from the standard policy will be made only with the specific approval of the Agency's members after giving consideration to one or more factors listed in Section VI, below, and those described in the New York State General Municipal Law Section 874(4)(a).

Additionally, the Agency shall notify the affected local taxing jurisdictions of the proposed deviation from such policy and the reasons therefore.

The Agency will use existing tax data to negotiate the payment in lieu of tax agreement and, therefore, appraisals will not normally be required.

A copy of the PILOT Agreement will be forwarded to each of the affected taxing jurisdictions within fifteen (15) days of execution. Unless otherwise agreed to by the affected taxing jurisdictions, such payments shall be allocated among the affected taxing jurisdictions in proportion to the amount of real property tax and other taxes which would have been received by each affected taxing jurisdiction had the project not been tax exempt due to the status of the Agency involved in the project.

Pursuant to Section 874 of the New York General Municipal Law and Section 412-a of the Real Property Tax Law, no real estate tax exemption with respect to a particular project shall be effective until an Exemption Form is filed with the assessor of the county, city, town, village, and school district in which such project is located. Once an Exemption Form with respect to a particular project is filed with a particular Taxing Jurisdiction, the real property tax exemption for such project does not take effect until (1) a tax status date for such Taxing Jurisdiction occurs subsequent to such filing, (2) an assessment roll for such Taxing Jurisdiction is finalized subsequent to such tax status date, (3) such assessment roll becomes the basis for the preparation of a tax roll for such Taxing Jurisdiction, and (4) the tax year to which such tax roll relates commences.

III. Exemption from Sales and Use Taxes

The Agency maintains a policy for the provision of sales and use tax exemptions.

Personal property that is purchased in connection with a qualified project shall be exempt from local and State sales and use taxes for the period commencing with the closing and ending on the date (as such date may be extended in the sole discretion of the Agency) by which project documents require completion to occur in respect of the undertaking of the project or other project activities. For purposes of this exemption, "personal property" may include building materials, fixtures, furnishings and equipment, as well as certain services that may relate to any of the foregoing, provided that such purchases and equipment rentals and services are made by an entity as agent for the Agency. As such, such purchases will then be afforded full exemption from local and New York State Sales and Use Taxes until the project is completed (i.e.: certificate of occupancy). Operating and maintenance expenses of projects are not incurred as agent of the Agency, and no sales tax exemption is

provided thereof.

All project applicants must agree in writing to file with the New York State Department of Taxation, in form and at times required, an annual statement of the value of all sales and use taxes exemption claimed in connection with the facility in full compliance with Section 874(8) of the General Municipal Law.

IV. Exemption from Mortgage Recording Taxes

The Agency maintains a policy for the provision of a mortgage recording tax exemption (3/4 of 1% of mortgage).

The Agency's Mortgage Recording Tax Exemption policy is to permit mortgage recording tax exemptions on all project related financing to the full extent permitted by New York State Law, whether or not the Agency has issued its bonds to finance the Project.

In addition, the Agency may, in its sole discretion, permit mortgage recording tax exemptions on non-project related financings, (e.g. second mortgages on the project to secure subordinated indebtedness of the project applicant). In determining whether to permit such exemptions on non-project related financing, the Agency shall consider such factors as it deems appropriate, including but not limited to the use of the property, the degree of investment, the degree and nature of the employment and the economic condition of the areas in which the facility is located.

V. Refinancing

1. In the event that the Agency retains title to a project, it is the general policy of the Agency to abate mortgage recording taxes on any debt issued by the Agency for the purpose of refinancing prior debt issued by the Agency, and on any modifications, extensions, and renewals thereof, so long as the Agency fees relating to same have been paid. All PILOT payments, special assessments and bond payments shall be current before this occurs.
2. Any refinancing of a project is subject to the public hearing requirements for the project and financial assistance approval as discussed above.

VI. PILOT Mortgage

The Agency may require the establishment of a PILOT Mortgage as a

condition within the closing documents where a mortgage is involved, in order to secure the position of the PILOT payments versus other secured and unsecured claims.

The purpose of a PILOT Mortgage is to secure unpaid PILOT payments with a lien against the real estate, if they are not paid, that mimics a real property tax lien. The lender agrees that the PILOT Mortgage will have priority over any mortgage given to secure the rights of bondholders or to secure any conventional financing. This would make the PILOT a secured obligation. The Agency may negotiate alternative forms of collateral to insure payments under the PILOT.

VII. Deviations

In addition to or in lieu of the foregoing the Agency may determine, on a case by case basis, to deviate from the guidelines described above or to provide enhanced benefits for a project expected to have significant impact in the Town of Lockport where the project will be located. Any deviations from the guidelines set forth above require the written notification by the Agency to the chief executive officer of each affected taxing jurisdictions at least 30 days prior to the meeting of the Agency at which the proposed deviation will be considered. Prior to taking final actions at such meeting, the Agency must review and respond to any correspondence received from any affected tax jurisdiction, and must allow any representative of an affected tax jurisdiction present at such meeting to address the Agency regarding the proposed deviation.

The Agency may consider any or all of the following factors in making such determination, no single one of which is determinative:

1. The nature of the proposed project (e.g. manufacturing, commercial, civic, etc.);
2. The nature of the property before the project begins (e.g. vacant land, vacant building, adaptive reuse, historic preservation, etc.);
3. The economic condition of the area at the time of the application and the economic multiplying effect the project will have on the area;
4. The extent to which the project will create or retain permanent, private sector jobs, the number of jobs to be created/retained and/or the salary ranges of such jobs;
5. The estimated value of tax exemptions to be provided;
6. The economic impact of the project and the proposed tax exemptions on affected taxing jurisdictions;
7. The impact of the proposed project on existing and proposed

businesses and economic development projects in the vicinity;

8. The amount of private sector investment generated or likely to be generated by the proposed project;

9. The likelihood of accomplishing the proposed project in a timely fashion;

10. The effect of the proposed project upon the environment and surrounding property; (brownfields etc.)

11. The extent to which the proposed project will require the provision of additional services including, but not limited to, educational, transportation, emergency medical or police and fire services;

12. The extent to which the proposed project will provide additional sources of revenue for municipalities and school districts in which the project is located;

13. The extent to which the proposed project will provide a benefit (economic, community or otherwise) not otherwise available within the Town of Lockport in which the project is located.

VIII. Recapture of Benefits

The Agency, in its sole discretion and on a case-by-case basis, may determine (but shall not be required to do so), with respect to a particular project, that a project has failed to meet its intended goals and may require the project applicant to agree to the recapture by the Agency of the value of any or all exemptions from taxation granted with respect to the project by virtue of the Agency's involvement. Events, in the sole determination of the Agency, that trigger recapture may include, but are not limited to, the:

1. Sale or closure of facility;

2. Significant employment reduction;

3. Significant change in use in facility;

4. Significant change in business activities of project applicant or operator; or

5. Material noncompliance with or breach of terms of Agency transaction documents or of zoning or land use laws or regulations or federal, state or local environmental laws or regulations.

If the Agency determines to provide for the recapture with respect to a particular project, the Agency also shall, in its sole discretion and on a case-by-case basis, determine the timing and percentage of recapture.

IX. Effective Date

This Uniform Tax Exemption Policy shall apply to all projects for which the Agency has adopted or adopts an inducement Resolution after April 15, 2009 and all refinancing of any project induced or closed before said date.

X. Amendments

The Agency, by resolution of its members, and upon notice to all affected taxing jurisdictions as may be required by law, may amend or modify the foregoing policy as it may, from time to time, in its sole discretion determine.
